DEMOCRAT WOULD STOP COUNTY WORK

Thousands In Sight, Says Lucas, and Auditor Should Pay

POLICE EXPENSE ITEMS ARE PASSED

The meeting of the Board of Supervisors last night had many interesting features, among which some spirited dialogues between Lucas and Moore were especially enjoyable. First of all, Lucas had got on the inside regarding County finance, and when Moore of the Ways and Means Committee sounded the awful warning note of economy, Lucas boldly scoffed the idea and wanted to be shown. He gave Moore the merry ha-ha, and said there was plenty of money in sight. Moore tried to keep on Lucas, though in a guarded diplomatic manner, about roads, being huffy because he had been ignored, but the wily Lucas was not to be caught napping. He was, however, given a very dignified and official rebuke from Chairman Smith, who thought that Lucas should play with Moore as long as they were in the same back yard.

Moore evidently aimed to stop road work in order that laborers might become dissatisfied. When the meeting opened Geo. W. Smith was absent. Jack Lucas took the chairman's seat at the head of the table, filling it most excellently until Smith arrived. Those present were Supervisors Dwight, Cox, Moore, Paele, Archer, Smith and Lucas; County Clerk Kalanokalani, Eugene Biffin, deane, Stenographer A. C. Egan, Engineer Gehl, Road Supervisor Johnson, Captain Parker of the police, and reporters.

The following September bills were passed: Pali road district \$ 870.86, County office rent 120.00, County Engineer 68.00, Koolauloa road district No. 1 134.60, Koolauloa road district No. 2 180.73, Ewa road district 1,318.40, Kapoli road district 325.56, Waianae road district 290.00, Waianae road district 75.50, Ewa road district 472.92, Koolauloa road district 153.75, County Auditor 18.85, Waianae road district 1,151.75, Koolauloa road district No. 2 715.00, Waianae road district 225.25, County Attorney 45.25, Koolauloa road district 317.41, County Clerk 25.35, Garbage department 644.00, Police department 245.00, Police department 75.00, Road department 3,993.00.

While the Kapoli Park item came up Moore objected. He said there was an item of \$95 for transportation of prisoners. "We have made an estimate and should keep within it. The bill is \$175 over the estimate. We are down to cases and must look out."

Moore balked at them. "That also includes improvements on the Kunst property," said Lucas. "I know it," said Moore, "but they should keep within the \$500 estimate given by the Board. I won't sign it."

"I move we pass this bill and warn the Park overseer to keep within the estimate in the future," said Lucas. Archer said he did not believe the Park keeper should be allowed to over ride the Board. He gave a moral lecture, ending with a warning that the band was coming, and would have to be paid.

"And we have the money, too," said Lucas. Archer ventured to think otherwise. "You don't know what you are talking about," retorted Lucas. "You people make me tired talking at random."

"I think we know as much about it as you do," cut in Moore, coming to the hard-pressed Archer's assistance. "Well, you don't," said Lucas with finality. "If you know as much about it as I do, you wouldn't talk that way."

Archer with his characteristic caution wanted to have the bill specify that it was for July, August and September. Otherwise, he said, suspiciously, the foxy Baron might bring in a bill for \$75 for next month alone. The bill then passed.

The Ways and Means Committee reported through Moore, recommending that County Engineer Gehl's request for an assistant at \$150 per month be granted. The report was adopted on motion of Lucas.

The same committee reported in favor of the appointment of election clerks to be appointed from the two political parties by the committee.

Home Rule Was Left
Paele said that the Home Rule party had not been included. He wanted to know "Pheeh?"

Lucas wanted to leave the whole business to the County Clerk. Smith wanted to have a hand in losing the job. He thought the Supervisors should pass on the names. Moore said the committee could receive names from all the parties and use its own judgment.

Lucas moved that the County Clerk be empowered to receive the names and appoint the clerks. This suited Paele. He seconded the motion, saying that the Home Rule party should be recognized.

Moore said this was satisfactory to him, but Smith was anxious lest the parties might not like it, as Kalanokalani was not a non-partisan, but a Republican. This might influence his chance for reelection.

"They couldn't beat him if they tried to with a club," said Lucas. The motion then passed, the report being adopted with the amendment embodied in Lucas' motion, that the Clerk, instead of the committee, receive the names. It was further decided that these clerks should be paid \$10 "for the job."

Slow Hot and Cold
The special committee on police pay rolls reported on the Pilianna item, which was held up, passing the item with a masterly exhibition of blowing hot and cold at the same time, as follows:

Honolulu, T. H., October 2, 1906. Geo. W. Smith, Esq., Chairman, Board of Supervisors.

Dear Sir:—Your committee, to whom was referred the special police pay rolls, Nos. 4244, 4266 and 4267 for investigation, respectfully submits the following report:

We have made an investigation of the amounts paid out on the alleged pay rolls and find that the evidence shows that the parties named therein to whom these amounts were paid, did actually perform the duties of special police during the course of our investigations.

In this connection we also desire to say that from all the facts presented to your committee, we are of the opinion that part of this sum of money could have been saved the County if the proper authorities were more vigilant in the discharge of their official duties and at the same time would not impair the efficiency of the police department.

In conclusion we desire to express our appreciation for the valuable assistance given by Sheriff A. M. Brown during the course of our investigations.

Respectfully submitted,
(Sgd.) DWIGHT,
(Sgd.) COX,
Committee.

Road Work Report
The report was adopted and it was regularly moved and carried to pay the amounts involved.

D. Kalanokalani, Esq., Clerk County of Oahu.
Sir:—I herewith respectfully beg to submit a statement of the most important work completed during the month of September, and a list of the most important work under construction at the present time, and the estimated expense for pay rolls and bills for materials and supplies, to carry on the same during the month of October, 1906.

Work Completed During Month of September, 1906.
Construction, new bridge, Vineyard street.
Filling and coral dressing, Kawaiahaeo street, 600 feet.
Drainage and macadamizing, Kapukahi Hill road, 1650 feet.
Macadamizing Kalakaua avenue, 500 feet.
Grading, coral subgrading and mac-

adamizing, Waianae road, 800 feet.
Regrading and macadamizing Liliha street, 1125 feet.
Grading, coral dressing, Hobron lane, 600 feet.

And a number of other light repairs, such as patching, cleaning, oiling, sweeping, etc., mentioned in the monthly report.

Work Under Construction and To Be Carried on During Month of October, 1906.
Construction, new road, 'Homeschoo road,' Pauoa.
Construction, various sizes concrete pipe.

Filling and coral dressing, Kawaiahaeo street.
Drainage and macadamizing, Kapukahi Hill road.
Macadamizing, Kalakaua avenue.

Grading, coral subgrading and macadamizing, Waianae road.
Regrading and macadamizing, Liliha street.

And a number of repairs in the outside districts of Manoa, Tantalua, Palolo, old Nuuanu Pali road, Kalih valley road, and Diamond Head road, such as patching, cleaning, grading, etc., also oiling different streets in different sections of the city.

The quarries which are in operation at the present time to supply macadam for the above mentioned work are: Kalanipalea Alewa and Makiki Quarry, also South street bunkers which furnish coral dressing for Kalakaua avenue and Waianae road.

In estimating the expense to carry on the above mentioned work, I would respectfully ask that an appropriation of \$15,000 be made for the month of October, 1906.

Very respectfully,
SAML JOHNSON,
Road Supervisor, Honolulu.

Baths, Road and Sewer
The Hotel Baths, Ltd., wrote that it would contribute \$250 for the laying of a sewer down Alaieka street, provided that the pipe was laid to a depth of seven feet.

Superintendent of Public Works Holroyd wrote that he had taken up the matter of the opening of Lehua avenue in Pearl City. He said he thought the road had been abandoned already and was now a Government road. Any how he would not accept an easement thereon, but only a fee simple deed. He also wrote regarding the proposed land exchange with W. W. Goodale for the purpose of making a short cut from the Waianae road to the Waianae Colony road. He had no objections to making the exchange, but wanted further information. The furnishing of this was passed up to the County Engineer.

The Park Commissioners wrote recommending the establishing of free bath rooms at the Kunst beach park and the repairing of the old building on the premises to make it serve as a refreshment station. It would cost \$1000 to renovate this building, \$2500 to build 50 bath rooms, \$1000 extra for 50 additional rooms, and \$500 to clear the beach of coral.

Palolo residents asked to have the services of a steam roller on their road. This request was granted.

Kunawai-ites Must Walk
Kunawai lane residents wanted their lane macadamized as "driving over it was a discomfort." Moore said he did not think it was a public thoroughfare. He had driven up there and had had to drive into a taro patch in order to turn around. Lucas said it was a public road. Moore said there were many big jobs which should be finished before Kunawai lane was taken up. Nothing was done with the matter and the Kunawai-ites will presumably still have the choice between driving uncomfortably or walking comfortably.

The Kapoli Park item which was held up by Moore's objection early in the meeting, was taken up again. Lucas said that while the appropriation had been exceeded, the work had been done and should be paid for. Moore said the estimates should be kept within, and the whole affair was gone over again for the special benefit of Chairman Smith, who had not heard it before.

Lucas Slaps Police
"Business is business," said Moore, "and I want to see things done straight."

"There is nothing crooked about it," retorted Lucas.

Smith said that the Park preserver should keep within the estimate, and Archer saw his opportunity to get off some more morality.

"What would they do if they did not have the appropriation?" queried Moore.

"Why, they wouldn't do anything," said Lucas. "Don't you know that?"

"If we allowed this department to exceed its estimate, the road department might do the same, and the police department."

"The police department does," cut in Lucas. "They do it all the time."

"They keep within the limit," answered Smith.

Lucas moved to pass the item and warn against a recurrence. The motion passed, but Moore and Smith voted against it. The latter said that he wished to go on record as being opposed to any departments exceeding the estimates.

Lucas a Financier
Moore reported on estimates for October amounting to \$27,005, against which the County would, he said, get \$25,000. Lucas said he wanted \$15,000 for Honolulu roads. It was all none sense about the County's getting only \$25,000. He has seen Treasurer Campbell, who had told him that the County was entitled to \$21,000 a month. There was plenty of money in sight and this talk about the County being broke was nonsense.

Moore said that the Auditor had told him he was playing safe. He would not pay out more than \$25,000 a month before he had received a statement from the Treasurer, for which he had been waiting, showing that there were sufficient funds to justify his paying out more.

"The Treasurer says the money is there," said Lucas.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.
Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

the same has been completed.
M. & S. \$ 11.25
Team hire, Pakole beach 224.00
Payroll 1,151.75

PALI ROAD.
Seven hundred feet of roadway covered and rolled, and 120 feet of roadway covered during August and rolled in September, making a total of 820 feet. The seventh payment on account of contract dated September 29, \$870.86.

KOOLAUPOKO.
Regular payroll, road overseer and cantoniers \$ 135.00

Payroll, Pakole beach \$ 511.75
M. & S., Pakole beach 134.28
Cart hire, Pakole beach 125.25

Waimanalo road, M. & S. \$ 771.28
Cartage 9.00
Extra labor 2.00

Stable account \$ 28.50
Quarry (Aug. bill) 5.00
Telephone: Paele 7.50

Hon. Road Dept. payroll for pipe \$ 966.16

Five hundred feet of breakwater wall at Pakole is completed and 110 feet of roadway filled with exception of 6 inches gravel top dressing. Good progress has been made and I feel confident that the work can be completed for \$500. Temporary repairs were made to a bridge on the Waianae road. This bridge, together with another in the same district, should be renewed immediately, and I have included them in the estimate for the month of October as follows:

Reg. payroll \$ 135.00
Stable account 15.00
Pakole breakwater 500.00
Bridges, Waianae road 150.00
Incidentals 50.00

KOOLAULOA NO. 1.
The only work done in Koolauloa No. 1 was the reconstruction of a 36-foot deck bridge at Punahoa, except a few minor repairs by cantoniers on main road.

Labor on bridge \$ 58.60
Cartage 21.00
Water and supplies 159.73

Cantoniers on road \$ 239.33
Salary, road overseer 50.00

KOOLAULOA NO. 2.
Work has been confined to dressing main road with coral from Late Hill. 2100 feet of road was constructed on the Kahuku side and 1900 feet on the Laie side, or a total of 4000 feet during the month.

Through some misunderstanding work was not stopped as soon as it should have been, and the expenditure has exceeded the authorization about \$50.00.

Material and supplies \$ 36.93
Payroll 715.00
Wagon and team hire 500.00

WAIANA.
I would recommend that work at this end of this district be dropped for a while, and the money spent on the Pupukea road as per my letter to the board of September 23.

Camp equipment \$ 400.00
Labor 500.00

All work has been on the Waianae road across Kaukonahua gulch, and

is free from harmful elements. Its alkalinity destroys mouth acid germs. It permeates the entire tooth and mouth structure with its healthy fragrance. A tonic to the gums. SOZO DONT is an article of merit. Its popularity of sixty years will attest to that. Remember SOZODONT.
